

Big Bradford–Little Bradford Paddle

Description: Launch at the Suwannee Community Center and we'll head out to the pass between Goodson and Odulund Islands. There s a brief passage along the Gulf before we cut through a creek at Little Bradford. The return is on a winding creek that passes through Big Bradford. Although this Paddle is close to the Gulf, the water remains predominately fresh due to the constant flow of the Suwannee River. As with all the Paddles in the freshwater areas, there is a chance of seeing alligators as well as a multitude of flora and fauna associated with the freshwater delta. Return is back to the Community Center.

Distance/Time: 4.5 Miles/Approximately 2.5 hours

Skill Level: Intermediate

Launch Site: Suwannee Community Center

NOTE: Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. Routes may change due to weather considerations. Users should consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All participants are required to wear PFDs while on water based events .
