

Suwannee River Paddle

Description: This is a shuttled Paddle. We'll pick you up at Munden Landing and haul you and your gear to Weeks Landing for launching. This is fairly long, nice down river paddle, however it is the wide part of the river and can be difficult and rough if it's windy. Sprayskirts recommended if windy. Paddling from the launch site, one encounters two kinds of habitats. Where the current is strong, the river bank is relatively steep, and open water directly adjoins the cypresses, hardwoods and clumps of yellow asters (probably bur marigold). In other, shallower sites, emergent yellow pond lily, sawgrass and wild rice create diverse habitats that support a variety of fish and wildlife species.

Distance/Time: 8.7 Miles/Approximately 3.5 hours

Skill Level: Intermediate, Spray Skirt Recommended if Windy.

Launch Site: Meet at **Munden Creek Ramp** and we'll shuttle you to Weeks Landing for launching—From the Suwannee Community Center: Head East on CR 349 3.2 Miles, turn right on SE 371st St. Veer right on SE 374th St and ramp is at the end of the road.

NOTE: Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. Routes may change due to weather considerations. Users should consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All participants are required to wear PFDs while on water based events .
